POLICYHOLDER PROVISIONS

RATE GUARANTEE
A change in premium rate will not take effect before the Rate Guarantee Date except for reasons which affect the risk assumed, including those reasons shown below:
1. a change occurs in this plan design;
2. a division, subsidiary, or affiliated company is added or deleted;
3. the number of insured employees changes by 25% or more;
4. a new law or a change in any existing law is enacted which applies to this plan; or
5. less than 25% of those eligible for coverage are participating.

We will notify the policyholder in writing at least 60 days before a premium rate is changed. A change may take effect on an earlier date when both we and the policyholder agree in writing.

PREMIUM INCREASES OR DECREASES
Premium increases or decreases may take effect at any time, subject to the Rate Guarantee provision. If they take effect during a policy month, they are adjusted and due on the next premium due date following the change. Changes will not be pro-rated daily.

If premiums are paid on other than a monthly basis, premiums for increases and decreases will result in a monthly pro-rated adjustment on the next premium due date.

INFORMATION REQUIRED FROM THE POLICYHOLDER
The policyholder must provide us with the following on a regular basis:
1. information about employees:
   a. who are eligible to become insured;
   b. who are requesting a coverage change;
   c. whose coverage ends;
2. any information that may be required to manage a claim; and
3. any other information that may be reasonably required.

Policyholder records that have a bearing, in our opinion, on this policy will be available for review by us at any reasonable time.

CANCELING POLICY
This policy can be canceled:
1. by us; or
2. by the policyholder.

We may cancel or modify this policy, with at least 31 days written notice to the policyholder, if:
1. less than 25% of those eligible for coverage are participating;
2. this policy has been in effect longer than 12 months;
3. the policyholder does not promptly provide us with information that is reasonably required;
4. the policyholder fails to perform any of its obligations that relate to this policy;
5. fewer than 5 employees are insured; or
6. the policyholder fails to pay any premium due by the end of the grace period.

When both we and the policyholder agree, in writing, this policy may be modified on an earlier date.

If the premium is not paid during the grace period, this policy will terminate automatically on the due date of any unpaid premium. The policyholder is liable for the premium for coverage through the end of the grace period. The policyholder must pay us all premiums due for the full period this policy is in force.

The policyholder may cancel this policy by written notice delivered to us at least 31 days prior to the cancellation date. When both the policyholder and we agree, this policy can be canceled on an earlier date. If canceled, coverage will end at 12:00 midnight on the last day of coverage.

If this policy is canceled, the cancellation will not affect a payable claim incurred prior to cancellation.

GENERAL PROVISIONS

WHEN AN ELIGIBLE EMPLOYEE CAN ENROLL, CHANGE, OR DISCONTINUE COVERAGE

1. The employee may apply for coverage during:
    a. the initial enrollment period; or
    b. a re-enrollment period, subject to evidence of insurability.
2. The primary insured may:
    a. increase coverage at any time, subject to evidence of insurability;
    b. decrease coverage at any time; or
    c. discontinue coverage at any time.

WHEN EVIDENCE OF INSURABILITY IS REQUIRED

Evidence of insurability is required if:

1. the employee:
    a. voluntarily canceled coverage and is reapplying;
    b. is applying for an amount of coverage over the Guaranteed Issue Limit;
    c. is applying for the coverage, or an increase in the amount of coverage, at any time after his or her initial enrollment period;
2. an eligible spouse or domestic partner was not enrolled within 31 days of eligibility.

EFFECTIVE DATE OF COVERAGE

Coverage for each eligible employee will be effective at 12:01 a.m. on the effective date shown on page 3 of the certificate of insurance issued to him or her provided that he or she is actively employed on that date.

If the employee is not actively employed on that date due to a temporary layoff, leave of absence or Family and Medical Leave of Absence, coverage begins on the date he or she returns to active employment. This applies to initial coverage, as well as any increase in coverage that occurs after his or her initial coverage is effective.

For any change in coverage that is subject to evidence of insurability, the change in coverage is effective on the date we approve such change and in accordance with the Policy Specifications page.

For any change in coverage that is not subject to evidence of insurability, the change in coverage is effective when we receive such request for change and as stated on the Policy Specifications page.

Any decrease in coverage will take effect on the first day of the calendar month that next follows the date the primary insured applies for the decrease, but will not affect a payable claim that occurs prior to the effective date of the decrease.

If an employee terminates employment and returns to work for the policyholder within the timeframe stated on the Policy Specifications page, this coverage may be reinstated without providing evidence of insurability.

CERTIFICATES OF INSURANCE

We will furnish to the policyholder a certificate of insurance for delivery to each primary insured that describes the terms of the coverage made available to the eligible employees of the policyholder and their eligible dependents. The certificate will provide a description of the insurance provided by this policy and will state:

1. the essential features of the insurance coverage; and
2. to whom benefits are payable.

If there is any discrepancy between the provisions of any certificate and the provisions of this policy or any attached riders, the provisions of this policy and any attached riders govern.

ELIGIBILITY OF DEPENDENTS

Eligible dependents are the primary insured's:
1. spouse or domestic partner; and
2. child(ren) and spouse's or domestic partner's children.

If the primary insured marries and desires coverage for his or her spouse, the policyholder must be notified of the marriage within 31 days of the marriage. Upon notice to us, we will change the coverage to include the spouse and provide notification of any additional premium due.

If the primary insured enters into a domestic partnership and desires coverage for his or her domestic partner, the policyholder must be notified of the domestic partnership within 31 days of the date the domestic partnership was formed. Upon notice to us, we will change the coverage to include the domestic partner and provide notification of the additional premium due.

A child born to the primary insured or his or her spouse or domestic partner, will be eligible for coverage. This coverage begins at the moment of birth of such child and benefits will be the same as provided for any other child insured under this policy. No additional premium will be required for newborns added.

An adopted child or child pending adoption will be covered as follows:
1. Coverage is retroactive from the moment of birth for a child with respect to whom a decree of adoption by the primary insured or his or her spouse or domestic partner has been entered within 31 days after the date of birth.
2. If adoption proceedings have been instituted by the primary insured or his or her spouse or domestic partner within 31 days after the date of birth and he or she has temporary custody, coverage is provided from the moment of birth.
3. Coverage shall begin from the moment of placement.

Coverage will be provided as long as the primary insured or his or her spouse or domestic partner has custody of the child pursuant to decree of the court.

TEMPORARY LAYOFF, LEAVE OF ABSENCE, OR FAMILY AND MEDICAL LEAVE OF ABSENCE

If the primary insured ceases active employment because of a temporary layoff or leave of absence while coverage is in force, we will continue the coverage in accordance with the personnel practices of the policyholder, if premium payments continue and the policyholder approved the leave in writing. Coverage will be continued for 3 months following the date he or she ceased active employment.

If his or her coverage ends while on a Family and Medical Leave of Absence, the coverage may be reinstated when he or she returns to active status.

We will not:
1. apply a new pre-existing conditions limitation; or
2. require evidence of insurability.

GENERAL PROVISIONS (Continued)

TERMINATION OF COVERAGE

The coverage under this policy ends on the earliest of:

1. the date this policy is canceled;
2. the last day of the period for which any required premium payments were made;
3. the last day the primary insured is actively employed with the employer that is the policyholder, except as provided under the Temporary Layoff, Leave of Absence or Family and Medical Leave of Absence provision;
4. the date the primary insured is no longer in an eligible class;
5. the date the primary insured's class is no longer eligible; or
6. our discovery of fraud or material misrepresentation in the presentation of a claim under this policy or any attached rider.

Coverage for a covered person terminates when he or she has exhausted all available benefits under this policy and any attached riders.

We will provide coverage for a payable claim that occurs while a covered person is covered under this policy.

The primary insured or other qualifying dependents have the responsibility to inform us of: (a) divorce; (b) legal separation; or (c) a child losing eligibility under this policy.

If the primary insured's spouse is a covered person, the spouse's coverage ends upon valid decree of divorce or the primary insured's death.

If the primary insured's domestic partner is a covered person, the domestic partner's coverage ends upon termination of the domestic partnership or the primary insured's death.

Coverage for a child will end on the issue day of the month that follows when the primary insured dies or the child: (a) reaches age 26; or (b) otherwise does not meet the requirements of an eligible dependent.

Coverage for a dependent grandchild will not terminate solely because they are no longer dependent on the primary insured for federal income tax purposes.

Coverage does not end at age 26 for an incapacitated dependent child who:

1. is incapable of self-sustaining employment by reason of mental or physical incapacity;
2. became so incapacitated prior to the attainment of the limiting age of eligibility under this policy; and
3. is chiefly dependent upon the primary insured for support and maintenance.

Coverage for an incapacitated dependent child continues as long as this policy remains in force and the child remains in such condition. Proof of the incapacity and dependency of the child must be furnished, in writing, to us when the child reaches the limiting age of eligibility. Thereafter, such proof must be furnished as often as may be required, but no more often than annually after the child's attainment of the limiting age for eligibility.

If we receive premium for coverage extending beyond the date or event specified for termination as to a covered person, such premium will be refunded, coverage will terminate and claims will not be paid.

Coverage may be eligible for continuation as outlined in the Continuation of Insurance Coverage provision.

DISCRETIONARY AUTHORITY, IF GOVERNED BY ERISA

The following applies only when the administration of this policy is governed by the Employee Retirement Income Security Act (ERISA), 29 U.S.C. 1001 et seq.:

We may construe disputed or seemingly inconsistent provisions of this policy and any attached riders and to make all decisions regarding eligibility and/or entitlement to coverage or benefits. Whenever we make reasonable determinations which are not arbitrary or capricious in the administration of this policy, such determinations shall be final and conclusive.

GENERAL PROVISIONS (Continued)

LEGAL ACTION
No legal action may be brought to obtain benefits under this policy:
1. for at least 60 days after proof of loss has been furnished; or
2. after the expiration of 3 years from the time proof of loss is required to have been furnished.

INCONTESTABILITY
After 2 years from the effective date of this policy, no misstatement of the policyholder or covered person, made in any application, can be used to void this policy. After 2 years, the validity of the policy may not be contested except for nonpayment of premiums.

Any statements made by the policyholder or by a covered person, in the absence of fraud, are representations and not warranties. Only written statements signed by the policyholder or a covered person will be used in defense of a claim. A copy of any written statement, if applicable, will be furnished to the policyholder or the covered person or his or her personal representative, if any, if such written statement will be used in defense of a claim.

CLERICAL ERROR
Clerical error on the part of the policyholder or us will not invalidate insurance otherwise in force, nor continue insurance otherwise terminated. Upon discovery of any error, an adjustment will be made in the premiums and/or benefits available. Complete proof must be supplied by the policyholder documenting any clerical errors.

AGENCY
For purposes of this policy, the policyholder acts on its own behalf or as the primary insured's agent. Under no circumstances will the policyholder be deemed the agent of American Heritage Life Insurance Company.

ENTIRE CONTRACT
The contract consists of the following items:
1. the group policy;
2. any amendments and endorsements;
3. the applications and other written statements of the policyholder; and
4. any individual applications, enrollments, evidence of insurability or other statements of the primary insured or a covered person.

CHANGE OF BENEFICIARY
Any change of beneficiary must be filed at our home office. It will not take effect unless so filed, but if so filed, will take effect on the date signed by the primary insured. This will be true whether or not the primary insured is living on the date it is filed. There will be no prejudice to us on account of any payment we make prior to its receipt by us at our home office.

The right to change a beneficiary is reserved to the primary insured. The consent of the beneficiary or beneficiaries will not be required to assign benefits or to change a beneficiary or beneficiaries, or to make any other changes, unless the designation of the beneficiary is irrevocable.

ASSIGNMENT
An assignment of benefit is not binding on us unless:
1. it is a written request; and
2. it is received by us at our home office.

An assignment will take effect when recorded at our home office. We are not responsible for the validity of any assignment.

EXCLUSIONS

We will not pay benefits for a critical illness that is, or is caused by, or contributed to by, or results from:

1. intentionally self-inflicted injury or action;
2. illegal activities or committing or attempting to commit a felony;
3. suicide while sane, or self-destruction while insane, or any attempt at either;
4. substance abuse, to include abuse of alcohol, alcoholism, abuse of legally obtained prescription medication, or illegal use of a non-prescribed drug or narcotic; or
5. the covered person being under the influence of alcohol, a drug, or a narcotic, unless administered and taken as prescribed by a physician.

(This space intentionally left blank.)

PRE-EXISTING CONDITION LIMITATION

We will not pay benefits for a critical illness that is, or is caused by, or contributed to by, or results from, a pre-existing condition when the date of diagnosis for the critical illness is within 12 months after the effective date of coverage.

A pre-existing condition is a sickness, injury or other condition, whether diagnosed or not, for which, during the 12 months just prior to the effective date of coverage, either:
1. symptoms existed; or
2. medical advice or treatment was recommended by or received from a physician or other member of the medical profession, acting within the scope of their license.

WAIVER OF PRE-EXISTING CONDITION LIMITATION FOR PRIOR GROUP INSURANCE
We will waive the pre-existing condition limitation for a claim by a covered person who was insured under a prior group policy if:
1. the claim would have satisfied the pre-existing condition limitation of the prior group policy; and
2. the primary insured:
    a. was actively employed on the effective date of this policy;
    b. has been continuously insured under this policy since its effective date;
    c. was insured under the prior group policy when it terminated; and
3. the covered person making the claim:
    a. has been continuously insured under this policy since its effective date;
    b. was insured under the prior group policy when it terminated; and
4. the prior group policy:
    a. had the same policyholder as this policy;
    b. provided coverage substantially similar to this policy;
    c. was issued before the effective date of this policy;
    d. terminated within 60 days of the effective date of this policy.

WAIVER OF PRE-EXISTING CONDITION LIMITATION FOR PRIOR INDIVIDUAL INSURANCE
We will waive the pre-existing condition limitation for a claim by a covered person who was insured under a prior individual policy if:
1. the claim would have satisfied the pre-existing condition limitation of the prior individual policy; and
2. the primary insured:
    a. was actively employed on the effective date of this policy;
    b. has been continuously insured under this policy since its effective date;
    c. was insured under the prior individual policy when it terminated; and
3. the covered person making the claim:
    a. has been continuously insured under this policy since its effective date;
    b. was insured under the prior individual policy when it terminated; and
4. the prior individual policy:
    a. provided coverage substantially similar to this policy;
    b. was issued before the effective date of this policy; and
    c. terminated within 60 days of the effective date of this policy.

CRITICAL ILLNESS BENEFITS

GENERAL
Subject to the conditions, limitations and exclusions of this policy and any attached riders, we will pay a benefit when a covered person is diagnosed with a critical illness described in this policy or any attached rider if:
1. the date of diagnosis for the critical illness or the date of loss is while the covered person is insured under this policy and any attached riders; and
2. the critical illness is not excluded by name or specific description.

A covered person can receive benefits for different critical illnesses or specified diseases described in this policy and any attached riders if the dates of diagnosis for each critical illness are separated by at least 30 days.

Each critical illness must be diagnosed by a physician qualified to make such diagnosis. Claims for benefits not satisfying all the criteria for diagnosis may be subject to review by an independent physician consultant.

We do not pay any benefit for any condition or loss not described in this policy or any attached rider.

INITIAL CRITICAL ILLNESS BENEFITS
A covered person can receive a benefit for each critical illness only once, unless the Reoccurrence of Critical Illness Benefits provision is included in the coverage.

A. BENEFIT AMOUNTS. The benefit amount for each Initial Critical Illness is the percentage shown below for that Initial Critical Illness multiplied by the Basic Benefit Amount for the Initial Critical Illness Benefit shown on the Policy Specifications page applicable to the covered person.

Initial Critical Illness	Percentage of Basic Benefit Amount
Heart Attack	100%
Stroke	100%
End Stage Renal Failure	100%
Major Organ Transplant	100%
Coronary Artery By-Pass Surgery	25%

B. BENEFIT DESCRIPTIONS. The Initial Critical Illnesses are:

1. **Heart Attack.** The death of a portion of heart muscle as a result of inadequate blood supply to the relevant area. The diagnosis must be based on both:
   a. new electrocardiographic changes; and
   b. elevation of cardiac enzymes or biochemical markers showing a pattern and to a level consistent with a diagnosis of heart attack.

   Heart Attack does not include an established (old) myocardial infarction or cardiac arrest.

   The date of diagnosis for Heart Attack is the date of death (infarction) of a portion of the heart muscle.

2. **Stroke**. The death of a portion of the brain producing neurological sequelae including infarction of brain tissue, hemorrhage and embolization from an extra-cranial source. There must be evidence of permanent neurological deficit.

   Stroke does not include: transient ischemic attacks (TIA's), head injury, chronic cerebrovascular insufficiency or reversible ischemic neurological deficits.

   The date of diagnosis for Stroke is the date the stroke occurred based on documented neurological deficits and neuroimaging studies.

CRITICAL ILLNESS BENEFITS (Continued)

B. BENEFIT DESCRIPTIONS. (Continued)

3. **End Stage Renal Failure.** The irreversible failure of both kidneys to perform their essential functions, with the covered person undergoing peritoneal dialysis or hemodialysis.

   End stage renal failure does not include renal failure caused by a traumatic event, including surgical traumas.

   The date of diagnosis for End Stage Renal Failure is the date renal dialysis first begins due to the irreversible failure of both kidneys to perform their essential functions.

4. **Major Organ Transplant.** Being placed on the National Transplant List or the performance of a surgical transplantation of a major organ.
   a. **Candidate Benefit.** A covered person is placed on the National Transplant List as an active or an inactive candidate for a major organ transplant.

      The Candidate Benefit is not payable if we have previously paid:
      i. the Candidate Benefit on the covered person, for any reason; or
      ii. the Surgery Benefit on the covered person for the same major organ.
   b. **Surgery Benefit.** A covered person undergoes a major organ transplant, performed by a physician.

      The Surgery Benefit is not payable if we have previously paid the Candidate Benefit on the covered person for the same major organ. If we paid the Candidate Benefit for a covered person listed as a candidate for multiple major organ transplants, only the first one of those major organs transplanted will be considered the same major organ.

      No benefit is payable for major organ transplants using mechanical or non-human organs.

   Major Organ means the heart, lungs, liver, pancreas, or kidneys. Lungs and kidneys are each one major organ regardless of whether one or both lungs, or one or both kidneys, are transplanted.

   Major organ transplant means the surgical transplant, by a physician, of a major organ. Each major organ transplanted is a major organ transplant eligible for the Surgery Benefit, even if multiple major organ transplants are performed in one surgical procedure.

   National Transplant List means the database containing information on all people in the United States and Puerto Rico who are waiting for one or more major organ transplants, as mandated by the National Organ Transplant Act.

   The date of loss for Major Organ Transplant is the date a covered person:
   a. is placed on the National Transplant List, as an active or an inactive candidate, for a major organ transplant; or
   b. undergoes the actual surgery for a major organ transplant.

5. **Coronary Artery By-Pass Surgery.** The surgical operation to correct narrowing or blockage of one or more coronary arteries with by-pass grafts on the advice of a cardiologist registered in the United States. Angiographic evidence to support the necessity for this surgery will be required.

   Coronary Artery By-Pass Surgery does not include: abdominal aortic bypass; balloon angioplasty; laser embolectomy; atherectomy; stent placement; or other non-surgical procedures.

ADDITIONAL BENEFITS

REOCCURRENCE OF CRITICAL ILLNESS BENEFITS

1. the second date of diagnosis is more than 12 months after the first date of diagnosis for the initial critical illness; and
2. the second date of diagnosis is while the covered person is insured under this policy.

The benefit amount is equal to the benefit amount previously paid for that initial critical illness. A covered person can receive a benefit for a reoccurrence of a critical illness only once for each initial critical illness.

Heart Attack
Stroke
End Stage Renal Failure
Major Organ Transplant

ADDITIONAL BENEFITS

CANCER CRITICAL ILLNESS BENEFITS

A. BENEFIT AMOUNTS. The benefit amount for each Cancer Critical Illness is the percentage shown below for that Cancer Critical Illness multiplied by the Basic Benefit Amount for the Initial Critical Illness Benefit shown on the Policy Specifications page applicable to the covered person.

Cancer Critical Illness	Percentage of Basic Benefit Amount
Carcinoma In Situ	25%
Invasive Cancer	100%

B. BENEFIT DESCRIPTIONS. The Cancer Critical Illnesses are:

1. **Carcinoma In Situ.** A cancer wherein the tumor cells still lie within the tissue of origin without having invaded neighboring tissue. Carcinoma In Situ includes:
   a. early prostate cancer diagnosed as stages A, I or II or equivalent staging; and
   b. melanoma not invading the dermis.

   Carcinoma In Situ does not include:
   a. other skin malignancies;
   b. pre-malignant lesions (such as intraepithelial neoplasia); or
   c. benign tumors or polyps.
2. **Invasive Cancer.** A malignant tumor characterized by the uncontrolled growth and spread of malignant cells and the invasion of tissue. Invasive Cancer includes Leukemia and Lymphoma.

   Invasive Cancer does not include:
   a. Carcinoma In Situ;
   b. skin cancer other than invasive malignant melanoma in the dermis or deeper or skin malignancies that have become metastatic; or
   c. early prostate (stages A, I or II) cancer.

C. DIAGNOSIS REQUIREMENTS. A Cancer Critical Illness must be diagnosed in one of two ways:

1. **Pathological diagnosis** means identification of cancer based on a microscopic study of fixed tissue or preparations from the hemic (blood) system. This type of diagnosis must be done by a certified pathologist whose diagnosis is in keeping with the standards set by the American Board of Pathology.
2. **Clinical diagnosis** means a clinical identification of cancer based on history, laboratory study, and symptoms. We will pay benefits for a clinical diagnosis only if:
   a. a pathological diagnosis cannot be made because it is medically inappropriate or life-threatening; and
   b. there is medical evidence to support the diagnosis.

The date of diagnosis for Cancer Critical Illness is the day the tissue specimen, culture and/or titer(s) are taken on which the first diagnosis of cancer is based.

The “first diagnosis of cancer” includes a diagnosis of a reoccurrence of a cancer that was previously diagnosed before the effective date of coverage if, after the previous diagnosis and before the date of diagnosis of the reoccurrence, the covered person is free of any symptoms and treatment of the cancer for the 12 consecutive months immediately preceding the effective date of coverage or any 12 consecutive months thereafter.

For purposes of this benefit, “treatment” does not include maintenance drug therapy or routine follow-up office visits to verify if the Cancer Critical Illness has returned.

“Maintenance drug therapy” means ongoing hormonal therapy, immunotherapy or chemo-prevention therapy that may be given following the full remission of a cancer due to primary treatment. It is meant to decrease the risk of cancer reoccurrence rather than the palliation or suppression of a cancer that is still present.

ADDITIONAL BENEFITS

REOCCURRENCE OF CANCER CRITICAL ILLNESS BENEFITS
We will pay a benefit for a reoccurrence of cancer critical illness if a covered person is diagnosed for a second time with a cancer critical illness for which a benefit was previously paid under the Cancer Critical Illness Benefits provision if:

2. the covered person did not receive treatment during that 12 month period; and
3. the second date of diagnosis is while the covered person is insured under this policy.

The benefit amount is equal to the benefit amount previously paid for that cancer critical illness. A covered person can receive a benefit for a reoccurrence of a cancer critical illness only once for each cancer critical Illness.

Cancer Critical Illness
Carcinoma In Situ
Invasive Cancer

For purposes of this benefit, “treatment” does not include maintenance drug therapy or routine follow-up office visits to verify if the cancer critical illness has returned.

WAIVER OF PREMIUM BENEFIT

We will waive premiums for this coverage if, while covered under this policy and any attached riders, the primary insured:
1. becomes disabled due to a covered critical illness for which a benefit is paid; and
2. remains disabled for at least 90 consecutive days.

After the 90th day, we will waive the premiums due for the first 90 days and each consecutive day thereafter the primary insured is disabled, until the earliest of:
1. the date the primary insured is no longer disabled;
2. 2 years from the first day of disability; or
3. the date coverage ends according to the Termination of Coverage provision.

"Disabled" means the primary insured is:
1. unable to work;
2. not working at any job for pay or benefits; and
3. under the care of a physician for the treatment of a covered critical illness.

"Unable to work" means:
1. During the first 365 days of disability, the primary insured is unable to perform the material and substantial duties of the occupation he or she was performing when his or her disability began.
2. During the second 365 days of disability, the primary insured is unable to perform the material and substantial duties of any gainful occupation for which he or she is suited by education, training or experience.

This benefit is payable only for the disability of the primary insured. It does not apply to any other covered person. The primary insured must provide sufficient proof of disability at least once every 6 months.

(This space intentionally left blank.)

CONTINUATION OF INSURANCE COVERAGE

This section provides for automatic Continuation of Insurance Coverage, hereafter referred to as continuation coverage. It applies if a covered person suffers the loss of this group critical illness coverage due to one of the following events:

1. Termination of the primary insured's employment; or of a primary insured's eligibility due to reduction in his or her hours; or the date such primary insured is no longer in an eligible class; or the date such primary insured's class is no longer eligible. Insurance may be continued for any covered person.
2. The death of a primary insured. Insurance may be continued for any covered person.
3. Divorce or legal separation. Insurance may be continued for any covered person whose insurance would otherwise end.
4. The primary insured becoming eligible for Medicare. Insurance may be continued for any covered person who is not entitled to Medicare.
5. A child ceasing to be an eligible dependent as defined in this policy. Insurance may continue for that child.
6. The policyholder filing a Chapter 11 Bankruptcy petition. Insurance may be continued for any retired primary insured and his or her covered dependents. But this only applies if the insurance ends or is substantially reduced within 1 year before or after the filing of the bankruptcy.
7. Termination of the policy. (Benefits will be determined as if the policy had remained in full force and effect.)
8. Strike, layoff, leave of absence for personal reasons. Insurance may be continued for any covered person.
9. Military Service. The primary insured's leave of absence due to military service. Insurance may be continued for any covered person, except for the person who is in active military service.

Continuation coverage is not available for any person if coverage under the policy terminated due to his or her failure to make required premium payments.

To be eligible for continuation coverage, a person must be insured under the policy on the day before the event that caused loss of coverage. In the case of bankruptcy, the person must also be: (a) an employee who retired on or before the date insurance ends or is substantially reduced; or (b) a dependent of the retiree on the day before the bankruptcy.

COVERAGE CONTINUED

A person will not be denied continuation coverage solely because he or she is covered under another group critical illness plan, or eligible for Medicare on the date of the event that caused loss of coverage.

The continuation coverage may include any eligible dependents who were covered under the policy. The coverage being continued is subject to all terms and provisions of the policy that do not conflict with this section. The coverage will be the same as that provided under the policy for other persons in the same insurance class in which such person would have been if the loss of coverage had not occurred. The coverage will be subject to any changes to the policy affecting the benefits of such class. The continuation coverage will be effective on the day after the coverage under the policy terminates.

NOTIFICATION AND PAYMENT REQUIREMENTS

The primary insured or other qualifying dependents have the responsibility to inform the insurer of: (a) divorce; (b) legal separation; or (c) a child losing eligibility under this policy. This notice must be made within 60 days of these events. Failure to provide this notification within 60 days will result in the loss of the right to continue the insurance.

The policyholder has the responsibility of notifying the insurer of: (a) a covered person's death; (b) termination of the primary insured's employment or reduction in hours; or (c) the policyholder's bankruptcy. This notice must be made within 30 days of the event.

The insurer will notify the qualifying person of the right to continue within 14 days of the notice described above.

The qualifying person will be required to pay a premium for the continuation coverage to the insurer.

PREMIUMS

Premiums are due and payable in advance to us at our home office. Premium due dates are the first day of each calendar month. The premium rate for the first 36 months of continuation coverage will not exceed 102% of the rate in effect under the policy covering a similarly situated class of primary insureds who have not elected continuation coverage. After the first 36 months, the premium rate may change for the class of persons covered under continuation coverage. Notice will be given at least 60 days before any change is to take effect.

GRACE PERIOD

The grace period, as defined, will apply to each certificate holder of continuation coverage as if such covered person is the policyholder.

TERMINATION OF INSURANCE

Insurance under continuation coverage will automatically end on the earliest of the following dates:

1. the date the covered person again becomes eligible for insurance under the policy;
2. the last day for which premiums have been paid, if the covered person fails to pay premiums when due, subject to the grace period;
3. with respect to insurance for dependents:
   a. the date the primary insured's insurance terminates; or
   b. the date the dependent ceases to be an eligible dependent under the policy.

A dependent child whose continuation coverage terminates when he or she reaches the age limit may apply for continuation coverage in his or her own name, if he or she is otherwise eligible.

We will be discharged from liability to the extent of any such payment made in good faith. There may be cases where a law requires that any benefits to be paid, be paid to an agency of government. We will abide by any such law that may apply. We will not be liable to the primary insured or anyone else for such benefits to the extent we are required by the law to pay them to such agency.

We have the right to recover any overpayments due to:
1. fraud; or
2. any error we make in processing a claim.

The primary insured must reimburse us in full. We will work with the primary insured to develop a reasonable method of repayment if he or she is financially unable to repay us in a lump sum.

We will not recover more money than the amount we overpaid.

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

EFFECTIVE APRIL 14, 2003

We are required by the privacy regulations issued under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") to maintain the privacy of our Plan's customers' Protected Health Information, to provide those customers with notice of our legal duties and privacy practices with respect to Protected Health Information, and to send notification to affected customers if there is a breach of unsecured Protected Health Information. If your state provides privacy protections that are more stringent than those provided by HIPAA, we will maintain your Protected Health Information in accordance with the more stringent state standard.

This Notice applies to "Protected Health Information" associated with "Health Plans" issued by American Heritage Life Insurance Company.

This Notice describes how we may use and disclose Protected Health Information to perform claims handling, payment, general insurance operations, and for other purposes that are permitted or required by law. Use or disclosure of your Protected Health Information for the purposes described in this Notice may be made in writing, orally, or by electronic means.

We are required to abide by the terms of this Notice. However, we may change the terms of this Notice at any time. If we change this Notice, we may make the new notice terms effective for all of your Protected Health Information that we maintain, including any information we created or received prior to issuing the new notice. If we make a material revision to our Privacy Notice, copies will be sent to you if you are then currently insured under our Plan.

Protected Health Information means information about you that is created or received by us and during the administration of coverage under the Plan, which identifies you or for which there is a reasonable basis to believe the information can be used to identify you and that relates to:

1) the past, present or future physical or mental health condition of the individual; or
2) the provision of health care to the individual; or
3) the past, present or future payment for the provision of health care to the individual.

Uses and Disclosures of Protected Health Information With Your Written Authorization

Except as described in the next section of this Notice, we will not use or disclose your Protected Health Information for any purpose unless you have signed a form authorizing the use or disclosure. For example, most uses and disclosures of psychotherapy notes, uses and disclosures of Protected Health Information for marketing purposes, and disclosures that constitute a sale of Protected Health Information will be made only with your authorization. You have the right to revoke that authorization in writing at any time, except to the extent that we have already taken action in reliance on the authorization; or the authorization was obtained as a condition of obtaining coverage, to the extent that other law allows the insurer to contest a claim under the policy or the policy itself.

Uses and Disclosures of Protected Health Information Without Your Written Authorization

For Payment. We may make use of and disclose your Protected Health Information without your written authorization as may be necessary for payment purposes. For example, we may use information regarding your medical procedures and treatment to process and pay claims or certify these services are covered under your Plan.

For Plan Administrative Operations. We may make use of and disclose your Protected Health Information without your written authorization as necessary for our Plan administrative operations. Plan administrative operations include our usual business activities, examples of which are management, licensing, peer review, quality improvement and assurance, enrollment, underwriting, reinsurance, compliance, auditing, rating, claims handling, complaint handling and other functions related to your Plan. We are prohibited from using or disclosing genetic information for underwriting purposes.

To Individuals Involved In Your Care. We may, without your written authorization, for the purposes of treatment, payment or Plan administrative operations, disclose the fact that you are covered under a Plan or that payment has been processed to a family member, other relative, your close personal friend or any other person you may identify. In these circumstances, we would not disclose any Protected Health Information which is not directly relevant to that person's involvement with your care or with payment for your care.

If you have designated a person to receive information regarding payment of the premium or pay premium via credit card, we may inform that person or credit card facility when your premium has not been paid or received by us.

We may also disclose limited Protected Health Information to a public or private entity that is authorized to assist in disaster relief efforts in order for that entity to locate a family member or other persons that may be involved in some aspect of caring for you.

To Our Business Associates. Certain aspects and components of our services are performed through contracts with outside persons or organizations. Examples of these may include, but are not limited to our duly appointed insurance agents, financial auditors, reinsurers, legal services, enrollment and billing services, claim payment and medical management services. We may provide access to your Protected Health Information without your written authorization to one or more of these outside persons or organizations who assist us with payment or Plan administrative operations. We require these business associates to appropriately safeguard the privacy of your information.

To Plan Sponsors. If you are enrolled in a group health plan, we may share summary health information with your employer, union, or other employee organization that sponsors and maintains the group health plan, for purposes of obtaining premium bids; or modifying, amending, or terminating the group health plan; or enrollment and disenrollment information. Summary health information excludes genetic information.

For Other Products and Services. We may contact you without your written authorization to provide information regarding Plan upgrades or additional benefits that may be of interest to you. For example, we may use the fact that you currently are insured under a Plan for the purpose of communicating to you about changes to our Plan or products that could enhance or add value to existing coverage.

For Disclosure With Authorization. Unless otherwise excluded in this notice, we will not disclose any other Protected Health Information to any person or entity not specifically mentioned elsewhere in this Notice without your express written authorization.

For Other Uses and Disclosures. We are permitted or required by law to make some other uses and disclosures of your Protected Health Information without your authorization. We may release your Protected Health Information:

How you're protected if your life or health insurance company fails

The Texas Life and Health Insurance Guaranty Association protects you by paying your covered claims if your life or health insurance company is insolvent (can't pay its debts). **This notice summarizes your protections.**

The Association will pay your claims, with some exceptions required by law, if your company is licensed in Texas and a court has declared it insolvent. You must live in Texas when your company fails. If you don't live in Texas, you may still have some protections.

For each insolvent company, the Association will pay a person's claims only up to these dollar limits set by law:

- **Accident, accident and health, or health Insurance (including HMOs):**
  - Up to $500,000 for health benefit plans, with some exceptions.
  - Up to $300,000 for disability income benefits.
  - Up to $300,000 for long-term care insurance benefits.
  - Up to $200,000 for all other types of health insurance.

- **Life insurance:**
  - Up to $100,000 in net cash surrender or withdrawal value.
  - Up to $300,000 in death benefits.

- **Individual annuities:** Up to $250,000 in the present value of benefits, including cash surrender and net cash withdrawal values.

- **Other policy types:** Limits for group policies, retirement plans and structured settlement annuities are in Chapter 463 of the Texas Insurance Code.

- **Individual aggregate limit:** Up to $300,000 per person, regardless of the number of policies or contracts. A limit of $500,000 may apply for people with health benefit plans.

- **Parts of some policies might not be protected:** For example, there is no protection for parts of a policy or contract that the insurance company doesn't guarantee, such as some additions to the value of variable life or annuity policies.

Note: You're receiving this notice because Texas law requires your insurance company to send you a summary of your protections under the Texas Life and Health Insurance Guaranty Association Act (Insurance Code, Chapter 463). These protections apply to insolvencies that occur on or after September 1, 2019. **There may be other exceptions that aren't included in this notice.** When choosing an insurance company, you should not rely on the Association's coverage. Texas law prohibits companies and agents from using the Association as an inducement to buy insurance or HMO coverage.
